PRESIDENT'S MESSAGE

Dear Neighbors,

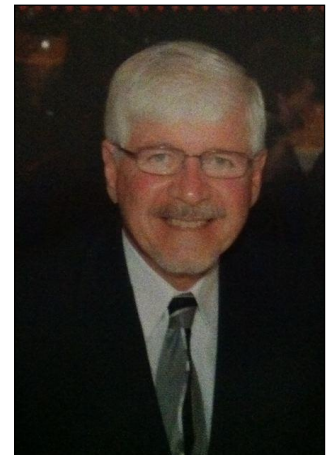

On June 24, 1972, the South Ponte Vedra Civic Association was born. Very few of the current members were around at that time. Inna Heilman is one member that was there and she has organized the association's pictorial history into a year-by-year story that all of us can view at the September 11th Second Friday Social. The September Social, which is also our Annual Meeting, will feature a display of Inna's impressive task of putting names to faces and explaining the important milestones of our organization with photos taken through the years. Do not miss this opportunity to view our history and meet with Inna who promises to make every effort to join us. Now in her 90's, Inna has a sharp mind and knows her way around a computer. For many years she was the editor of The South Ponte Vedra News and her late husband Bert Heilman was a three term President of our association.

The Annual Meeting starting at 5:30 PM will precede the September 11th Second Friday Social. It is very important that you attend, as we will be selecting our officers and board members for 2015-16. See the nominating committee's list of candidates in this issue. Additional nominations for any office may be made from the floor at the meeting. This Civic Association has thrived over the years because our members step forward and participate. Let's continue that tradition!

The plants mowed down in front of our center by the recent auto accident have been replaced and the irrigation system repaired. The commemorative plaques will also be restored, perhaps by the time you read this message. The SPVCA sign in front of our building is deteriorating and is in need of attention. I have requested some quotes from a local sign company regarding repair or replacement. When you invite guests to any of our activities, we want to look our best!

That leads into my final request. Our next Second Friday Social on August 14th would be the ideal time to invite that new friend or neighbor to the party. Our blend of civic and social activities is a great recipe to share!
