PRESIDENT'S MESSAGE

Fellow Members:

First, Anita and I wish to extend our heartfelt empathy to all of you who've suffered damage to your properties from Irma (and Matthew), as we have. We hope that reparations can proceed as painlessly and expeditiously for everyone so affected.

I'm proud to have been a member of SPVCA these last 10 years, and honored to serve as your new President. It'll be a challenging job to follow Mark's able leadership the past two years.

In thinking about what I'd like to accomplish during my presidency, I struck on a theme -- **Improving the Membership Experience**. We're a membership organization first and foremost, so our members are our primary asset. While I've participated in and greatly enjoyed many of SPVCA's terrific events and activities over the years, all organizations must evolve as their constituencies change through time. So the Board and I are seeking the membership's feedback regarding what's working well and what could be improved as we move through the next year.

I intend to try out some things to enhance the membership experience. We'll keep those going that work, and discontinue those that don't. The first of these will be the President's Table at each Second Friday Social, starting October 13. A tent card will be placed on this table to clarify its location. The priorities for sitting at the table will be new members, guests considering membership and their accompanying members, and existing members who Anita and I haven't had the pleasure of meeting. This will facilitate meeting new people, and allow me to obtain fresh perspectives on how well the SPVCA is serving the membership. If it's successful, other Board Members may captain tables on an occasional basis.

Speaking of good times, be sure not to miss the 60's Party on October 21, and don't miss Dale's psychedelic poster at the Second Friday Social. It really sets the "mood" for the event.

One Day in the Life of Ivan Denisovich
By Alexander Solzhenitsyn

First published in the Soviet journal *Novy Mir* in 1962, *One Day in the Life of Ivan Denisovich* stands as a classic of contemporary literature. The story of labor-camp inmate Ivan Denisovich Shukhov, it graphically describes his struggle to maintain his dignity in the face of communist oppression. An unforgettable portrait of the entire world of Stalin's forced work camps, *One Day in the Life of Ivan Denisovich* is one of the most extraordinary literary documents to have emerged from the Soviet Union and confirms Solzhenitsyn's stature as "a literary genius whose talent matches that of Dosotevsky, Turgenev, Tolstoy"--Harrison Salisbury
